

This is mostly about learning coding by doing

- The worksheet is hard
- Challenge questions are open ended
- Look at the mark scheme
 - 60% main questions
 - 8% written answers
 - 8% quality of graphs
 - 8% quality of code
 - 16% open ended challenge questions

Practical sessions running throughout

Flow chart of work

How will the course be run this year

- For Q&A sessions 2-5 each team to have 1 thing to ask (or to tell)
- GTAs will circulate all groups during practical sessions
- There is a Facebook page for CMEE
